SUMMARY

Highly motivated and detail-oriented fresher with a strong passion for learning and professional growth. Possesses excellent communication, problem-solving, and teamwork skills with a commitment to delivering high-quality results. Eager to contribute fresh ideas and energy to a dynamic organization while continuously enhancing my skills.

EDUCATION

B.Tech in Computer Science and Engineering

Tadipatri Engineering College

80.15%

Oct 2022 – April 2026

Intermediate

Mangalakara Junior College

85.5%

June 2017 – March 2019

PROJECTS

1. Smart AI Personalized learning Mini-project :

- Developed a “Smart AI Personalized Learning” mini-project using HTML, CSS, Javascript for front-end, and Node.js with Express.js for back-end.
- Implemented the features like personalized content delivery, progress tracking, and adaptive assessments.

2. Online College Book Store :

- Developed an “Online College Book Store” using HTML, CSS, Javascript for the purpose of our college students.
- This project made it easier for students to access the college library from wherever and whenever they like.

INTERNSHIPS

GREEN TREE SOFTTECH SOLUTIONS | Web Development

May 2025 – July 2025

- Gained hands-on experience in building and deploying dynamic websites. I gained practical skills in front-end and back-end technologies by using frameworks like React JS and MongoDB, contributing to real world projects. Became proficient with developer tools such as VS Code. This experience solidified my understanding of the web development lifecycle and enhanced my ability to create engaging online experience.
